

Nashoba Regional School District

Integrated Preschools

General Preschool Enrollment Information

- In December, the Nashoba Regional School District will be sending home preschool application information to all families who have children that will be 3 or 4 years old by August 31st, 2019.
- In January, an Open House & Application sign-up will be held at each of the District's preschools. Once you receive the packet, we invite you to attend the Open House and visit one of the three preschool programs at Mary Rowlandson Elementary School in Lancaster, Florence Sawyer School (Emerson Wing) in Bolton, or Center School in Stow.
- In February, a preschool lottery will be conducted. There are a limited number of tuition slots available for peer role model students. Although you are not guaranteed your first choice, time or location, every effort will be made to accommodate these preferences. We do have a wait list for children who do not receive a spot.
- Families whose children are currently attending preschool will have the option for their child to return and remain in their current preschool slot for the following school year so long as the child is age appropriate for preschool. If you are considering a different session, your child will be entered into a lottery with other returning students for available slots. Siblings of returning preschool students will be prioritized. Children new to the District will then be selected for available slots.
- Any child with special needs, whose IEP reflects preschool, is guaranteed the session/location that is identified on the IEP.

Applicants must be a Nashoba Regional School District resident of Lancaster, Bolton or Stow in order to be eligible for the preschool programs.

Students must be 3 years old by August 31st to participate in preschool that school year.

If you move into the District during the year, and your child is already preschool age, you can call for availability or be added to the preschool wait list.
